Dear Principal,

Multiple Pathway Series 2016-17 (II)
Seminar on Study in Japan 2016

A seminar on Study in Japan will be organized by Hong Kong Association of Careers Masters and Guidance Masters, in conjunction with Association of Study in Japan Support on 1st November 2016.

In recent years, Japan has introduced various measures to facilitate international students who do not have prior Japanese proficiency to further their studies in their country. In the seminar, various aspects of information about study in Japan will be disseminated by speakers of the Asian Students Cultural Association 亞州學生文化協会 (ABK), the Association of Study in Japan Support and examination officers. It is a golden chance for Hong Kong students who are interested in furthering their study in Japan to know about requirements and necessary procedures needed to be completed.

Date : 1st November, 2016 (Tuesday)
Time: 2:30pm to 5:00pm
Venue: Young Achievers’ Gallery, Rm WP12, Podium Floor, West Block, EDB Kowloon Tong Education Services Centre, (19 Suffolk Road, Kowloon Tong)

Asian Students Cultural Association

Asian Students Cultural Association ([http://www.abk.or.jp](http://www.abk.or.jp)) was established in 1957 and celebrated its 50th anniversary in 2007. Since its founding 50 years ago, the Association’s objective has been to provide a place where scholars and students from the developing countries of Asia, Africa, Latin America and young Japanese students could live together like a multi-cultural family in a healthy, sincere atmosphere where mutual understanding could be deepened and friendships nurtured. At the same time, we aimed to implement various plans and cultural activities that would be necessary to make this possible.

From the time of its foundation, the Association has supported foreign students by providing advisory services and by conducting surveys and providing information related to foreign student acceptance. At present, we offer substantial information through the Internet and publications, conduct surveys and commissioned projects related to educational exchange, and support exchange between foreign students and citizens.
