1. School Information

1.1 School’s goals and missions

It remains strongly our belief that through the Christian value of love, through teachers exemplifying such values in words and in deed, and through close cooperation with parents, our students can be nurtured in the six domains, namely ethics, intellect, physique, social skills, aesthetics, and spiritual growth. It is hoped that with an all-round education, each Shatin Tsung-Tsiner will acquire the following traits and abilities with which they can develop themselves and contribute to society.

**Traits**
- Self-disciplined
- Thoughtful
- Trustworthy
- Self-motivated
- Willing to Serve

**Abilities**
- Communication Skills
- Problem-solving Skills
- Self-learning Skills
1.2 Progress report

Over the last academic year, we continued to spare no effort in working towards the goal of creating a population of Shatin Tsung-Tsiners who share our long-held beliefs and possess the qualities expected of them. Our internal and external efforts bore fruits and were confirmed by various types of year-end evaluation conducted across departments and levels. (Refer to the section on Teaching and Learning for details regarding the effectiveness of strategies in nurturing the abilities of Shatin Tsung-Tsiners, and for details about the development of the aforesaid traits among our students, please refer to the sections on Student Guidance and Discipline, Religious Activities and Extra-curricular Activities.)

Not merely did we focus our attention on developing students’ various abilities and character, we also made the improvement in teaching efficiency and effectiveness our major concern. At the same time, following years of our teaching members’ effort as regards the introduction of new curricula (e.g. Thinking Skills, Arts-in-Life, Technology), the enhancement of teaching pedagogies (e.g. lesson study, collaborative teaching, Mentorship Scheme for new teachers, etc.) and the provision of elite classes (e.g. English, Chinese, Mathematics and Science courses for exceptionally gifted students) as well as remedial classes (e.g. the Nourishment Class, Junior Form Remedial Class and small-class teaching), the credit rate in the HKCEE continued to rise past the 55% mark, with nearly 80% of them scoring over 14 points or above. Another noteworthy feat was that our QEF-funded Thinking School Programme was judged by the QEF Adjudication Panel to be among the best twenty projects over the last 10 years.

On the other hand, we did not step back from our continued attempt to help our students implement the ideal of loving oneself and others through a series of activities organized by various committees. Besides, teachers continued to impart their life experiences (in alignment with the aforesaid ideal) through sharing in the morning assemblies and through the publication of ‘Messages to Shatin Tsung-Tsiners.’ We also encouraged our students to take an active part in voluntary services for the underprivileged social groups to experience love delivered not just in words, but also in deed. We continued to provide S1 and S2 with a life education course, and the compilation of a similar course for S3 was under way. In addition, a 3-day life education camp was held at the beginning of the school to help S1 students learn how to respect life. The camp has proven to be effective with good acclaims. We are convinced that only through the realization of love can human qualities be raised. It is hoped that each Shatin Tsung-Tsiner can let the Christian values of Faith, Hope and Love be their guide and let their work be grounded in the spirit of Benevolence.

Regarding the new school premises, since our successful application for re-provision on Ma On Shan Railway Tai Wai Maintenance Centre in April, 2007, the school has been working closely with the Education Bureau alongside the MTR and Cheung Kong (Holdings) Limited with lots of exchange of ideas as to the new school’s design and the facilities that suit our school’s future development needs most.

With respect to the New Secondary School curriculum planning, the Academic Affairs Committee has completed the curriculum structuring for the NSS through thorough consultation with the teachers concerned and widespread and detailed discussion with parents of those stakeholder classes. A comprehensive career planning will be fully implemented in junior form classes in the academic year 2008-2009 with a view to preparing our students for the NSS challenge.

Externally, the school was again commissioned by the EDB to conduct training at teaching and learning level, like the Professional Development Schools Scheme and the Mentorship Scheme for new teachers. Over the last academic year, two projects, namely the “IT-mediated Multi-Media Virtual Campus” and the “Project on Streamlining Administrative Work in Shatin Tsung Tsin Secondary School” were successfully implemented to further enhance our quality education. A successful EDB grant of some 500,000 dollars was secured for the purpose of creating a better English-learning atmosphere and thereby raising students’ English proficiency.

Facing a new start, our school will not remit its usual effort towards grooming our students into useful social members by making further stride in the areas covering lesson study, life education and nurturing of students’ integrity. As the verses in Psalm 127 go, “Unless the LORD builds the house, its builders labor in vain. Unless the LORD watches over the city, the watchmen stand guard in vain.” It is hoped that more blessing can be bestowed on STTSS under the constant protection and watch of our Heavenly Father.

### 4. Major Concerns And Support Measures In Different Departments

#### 4.1 Management and organization

4.1.1 The major areas of concern
- Creating space for teachers confronted education reforms
- Planning for the relocation to the new school premises

4.1.2 Support measures for addressing those concerns
- Over the years, our teachers have been overburdened with teaching and administrative duties which denied them time for deeper thinking and personal growth. To redress such an imbalance, the school successfully recruited a number of administrative assistants who took up the tedious duties like collecting reply slips, serving as substitute teachers and handling other administrative work. Former graduates were also employed as the exam invigilators to free up precious teachers' time. In addition, several assistant coaches for the dancing team, the music classes and other school sports teams were sought to provide subject teachers with additional assistance. To make sure there was reasonably adequate time for regular teachers to develop their curricula and to practise collaborative teaching, part-time teachers were recruited to take care of some elite and remedial classes and eight additional teachers were added to the staff list to help share the teaching duties.

- Last year, there was a lot of deep discussion, wide consultation and close contact, between the school's working group and the EDB, the MTR and Cheung Kong (Holdings) Limited over the matters regarding the new school's look, colour, interior design and the construction materials. There was fruitful exchange of opinions and thus satisfactory progress.

#### 4.1.3 Other support measures
- The Incorporated Management Committee of our school was composed of twelve members (one parent, one Alumni Association representative and one teacher representative) drawn from different professional sectors like education, social service, legal profession, commerce, insurance, evangelism and so on. Their role was to offer appropriate and professional advice on important school matters.
- The School Advisory Council, formed by the Principal, the Vice-Principals, seven committee heads and three elected representatives from the community, conducted regular meetings as it saw fit to discuss matters related to the school policies.
- All twelve committees (e.g. the Academic Affairs Committee, the Religious Affairs Committee, the Student Guidance Committee) implemented measures enabling students' development in the domains of ethics, intellect, physique, social skills, aesthetics and spiritual growth, with end-of-term evaluation of the effectiveness of those measures and submission of proposals for future development.
- Each panel formulated their teaching strategies through form and panel meetings under the supervision of the panel chairperson, also with end-of-term evaluation of the effectiveness of those measures and submission of proposals for future development.
- Four General Staff Meetings were held to discuss school matters. To strengthen hierarchical communication, the Principal met all teachers, whereas the Vice-Principals met all newly-appointed committee chairpersons and panel heads according to a regular schedule. In fact in May every year, teachers can submit their opinions in writing to ensure there is two-way communication flow.
- Each department conducted its own homework inspection according to its own schedule.
- The Academic Affairs Committee conducted value-addedness analysis following each public examination.
- Copies of questionnaire for various stakeholders were distributed and completed by teachers, parents and students at the end of the term to assess the current situation.
- Each year, parents and students can discuss school policies openly with the School Advisory Council members.

#### 4.2. Professional development for the principal and teachers

4.2.1 The major areas of concern
- Advancing teaching and learning quality
- Assisting colleagues in developing life education

4.2.2 Support measures for addressing those concerns
- The Staff Development Days this year were aligned with the school's development aims. As far as teaching and learning is concerned, teachers from the Mathematics and the English Departments were invited to share their accumulated experience in effective small-class teaching. Besides, Mr. Ip Cho Yin, an experienced educationist, was again invited to give a talk on the theme of "Paths to Teachers' Growth" stressing the importance of the need for vision, mission and passion in one's entire teaching career. On top of that, the visit to SPHRC Kung Yik She Secondary School by our science teachers did enlighten them with the way in which students' interest in learning science subjects can be enhanced and open their eyes to the use of various facilities on campus.

- Regarding the implementation of life education, arrangement was made for some colleagues to share their life-shaping stories from which others can take inspiration. We also had the privilege of having Dr. Rebecca Lee Lok-sze share with us the correct life attitudes towards adversities.
4.3 Other activities

• As ever, the Principal, Ms. Yip Sau-wah involved herself actively in key educational matters and this could be reflected through her frequent attendance at various educational seminars, workshops, training courses and offshore exchange programmes. She had never rolled back her role in community services with unquestioned exemplification of the trait of being Willing to Serve as required of a Shatin Tsung-Tsiner. The Principal over the last year completed 147 hours of professional development.

• Our teachers were willing to collaborate with their counterparts in other schools to benefit from exchange of ideas and experience. Take for example, our Chinese teachers were involved in the Professional Development Schools Scheme intended to provide fellow schools with assistance in adapting to various curriculum reforms. Such involvement proved to be mutually beneficial.

• Over the last year, the school also received many offshore educational bodies, e.g., primary and secondary teachers from Macau for academic exchange and interflow which served to widen our teachers’ educational perspectives.

• Our teachers actively enrolled themselves in various kinds of professional development courses or programs in preparation for the NSS challenge, and achieved an average of 56 hours of training in various fields.

• Mentorship Scheme was in place to allow new teachers to mesh in with the daily teaching and non-teaching practices and the school’s culture. Over the last year, we were invited time and time again by the EDB to share with primary and secondary school teachers our experience in developing such scheme.

4.3 Teaching and learning

4.3.1 The major areas of concern

• Raising students’ communication skills
• Honing students’ problem-solving skills
• Promoting self-learning
• Promoting collaborative teaching

4.3.2 Support measures for addressing those concerns

• In a bid to improve students’ communication skills, Afternoon Reading Scheme (a 20-minute period administered immediately after lunch hours) and the Junior Form Reading Award Scheme were implemented to help students form a regular habit of reading. The schemes proved to be very effective. Apart from this, through the Extensive Reading Scheme (for Chinese and English) and the organization of the Writers’ Seminar, students’ interest in reading was reinforced and their ability to read enhanced. The Chinese Department went further to hold Creative Writing Classes and organize students’ writing groups so as to promote students’ writing competence. To advance students’ English proficiency, the English Week was held in conjunction with English Week, to provide students with even more opportunities to improve their listening and speaking abilities.

• To promote students’ writing competence, and English competencies. Apart from these, drama elements were also offered to create better English ethos and thus uplift students’ English competencies. Apart from these, drama elements were incorporated into the S1 Arts-in-Life and English curriculum to hone students’ communication skills, while the curricula for Liberal Studies and Thinking Skills, Arts-in-Life and Technology were adjusted to drill on students’ presentation skills through project-based learning. As regards the extra-curricular activities, our Chinese and English teachers put forth great effort in training students for the HK Schools Speech Festival and the results were encouraging (refer to Section 5.5).

4.3.3 Curricula

• At junior levels, there were curricula in the languages subjects (Chinese, English and PTH), Mathematics and Science subjects, Humanities, Arts-in-Life, Life Education, P.E and Christian Education. Curricula at senior levels included a mixture of both science and arts subjects with other electives as well.

• Small class teaching was implemented in junior forms to cater for learners’ differences. In the middle of the school year, additional remedial classes, namely the Nourishment Class and the Junior Form Remedial Class, were launched to provide timely help for students with various learning needs.

• To supervise and assess students’ learning, the school adopted various approaches like conducting surveys and interviews to get a better understanding of students’ learning progress on top of the regular reviews and evaluations conducted at departmental levels.

• To make sure students could lead a balanced lifestyle, students at junior levels were not supposed to spend over two hours on their homework.

• To broaden students’ artistic perspectives, all juniors had to attend at least one concert or visit at least one arts exhibition. On top of that, they had to take part in one external competition or performance. Meanwhile, each junior had to take up one musical instrument and one sport / art throughout the three years.

• All students had to take part in the EDB-initiated School Physical Fitness Award Scheme and the Long-distance Testing Training.

• To hone students’ problem-solving skills, subject teachers had been trying to give due emphasis on the development of thinking skills in curriculum content, teaching pedagogies, homework and assessments. Liberal Studies and Thinking Skills was made a subject in its own right for S1-S3 to provide systematic and explicit teaching of problem-solving and critical thinking skills. At the same time, each junior form student was required to submit two project-based assignments per year to apply those thinking skills in real sense. Apart from all these, different departments are trying to get aligned with the Thinking Skills subject with a view to incorporating thinking skills into students’ learning.

• To move towards self-learning, we continued with the “Reflective Learning” and “Pre-Lesson Preparation” initiatives started a year earlier. The former, practised in subjects like Arts-in-Life, the Chinese Language and Liberal Studies & Thinking Skills, required every student to summarize key learning points and identify areas requiring elaboration after the lesson. The latter required teachers to assign preparatory work to students in advance of the next lesson so as to enhance learning effectiveness. The relevant evaluation shows that the latter was better received and the former was satisfactory.

• To enhance teaching efficiency, the practice of collaborative teaching continued on the basis of the blueprint developed by the Chinese Department, covering the formulation of the course boundaries, division of labour in lesson preparation, collective discussion, lesson plan revision, mutual class observation and reflection in the teaching process. At the same time, a common lesson for the teachers in English, Chinese and Mathematics was entertained through administrative adjustment to allow collective lesson planning. This practice entered its 5th year of implementation and all departments were able to achieve the goals set out at the beginning. Such practices will be further strengthened in the coming years.
4.4 Student guidance and discipline

4.4.1 The major area of concern

- Nurturing the traits expected of a Shatin Tsung-Tsiner

4.4.2 Support measures for addressing the concern

- To create a student population manifesting the Shatin Tsung-Tsiners’ qualities of being trustworthy and willing to serve, life education lessons were offered to S.1 and S.2 students. At the same time, a life education camp was held to let S.1 students become more aware of the importance of loving oneself and respecting others. We welcomed the EDB-initiated Integrated Education Scheme so that our students could have the opportunities to learn how to accept others’ deficiencies that arose for no fault of their own. Furthermore, to manifest Shatin Tsung-Tsiners’ trait of being willing to serve, students were encouraged to commit themselves to serving others by actively engaging themselves in activities like flag selling, charity sales, S.3 Community Service Scheme (for children and the weaker social groups), fund-raising activities and warm words card delivery for the Sichuan earthquake victims, as well as the “Little Shoe Appeal” in which donated shoes and socks were collected for the deprived children on the mainland.

4.5.1 The major area of concern

- Nurturing the traits expected of a Shatin Tsung-Tsiner

4.5.2 Support measures for addressing the concerns

- Through the One-student-one-art/sport Scheme, students were encouraged to take part in a whole range of interest group activities. Also, the all-inclusive STTSS Award remained the main source of motivation for students to participate in class-based or inter-class activities.
- Students were also encouraged to take part in various music performances, dancing competitions and the like. To train our students to be more considerate and be willing to serve the community, the Blood Donation Day and numerous flag-selling/ fund-raising activities (e.g. raffle) were arranged to offer students opportunities to extend their thought, love, help and care for others.

4.5.3 Other activities

- To encourage students to involve themselves actively in extra-curricular activities, a total of fifty-four interest groups & musical instrument classes, as well as twenty-two school teams were offered.
- The six houses organized regular inter-house competitions (like those for basketball, table tennis, badminton, those on the sports day, and the board design competitions) in which students’ leadership skills and team spirit could be honed and promoted respectively.
- To cultivate among students the spirit of active participation, an interest group information day was held to allow students to make informed choices and have a better understanding of the kind of activities they intended to join through face-to-face communication with the ex-co members.
- To allow students the opportunities to exert their potential, an inter-class Board Design Competition and a Postcard Design Competition were held.
- To enrich students’ life on campus, external performance bodies were invited to put up a magic show and a tenor solo.

4.6 Students’ union

- A wide range of activities held last year were as follows: Shatin Tsung Tsin Football Premier (including a friendly match between teachers and students), S.1 Orientation Café, S.5 and S.7 Joint School Oral Practice (both Chinese and English), S.5 and S.7 Farewell Assembly, School Policy Week, Stationery Crazy Sales (twice), S2 and S3 Games Day, the Heart-to-heart Dialogue with the Principal, a singing contest, the Students’ Union Day and the Dress Casual Day.

- To allow students the opportunities to exert their potential, an inter-class Board Design Competition and a Postcard Design Competition were held.
- To enrich students’ life on campus, external performance bodies were invited to put up a magic show and a tenor solo.
4.7 Religious activities

4.7.1 The major areas of concern

- Stepping up effort to preach the Gospel
- Nurturing the traits expected of a Shatin Tsung-Tsiner

4.7.2 Support measures for addressing those concerns

- Gospel sharing was integrated into the morning and hall assemblies. The yearly Gospel Week and the Gospel Camp for seniors remained the best harvesting time. Our school also embarked on the task of ploughing through our commitment to the Evangelistic Sports Programme.
- S.6 students were given the opportunity to demonstrate Shatin Tsung-Tsiners’ traits of being trustworthy and willing to serve through their participation in the Serving With Love Scheme administered during the Christian Education lessons.

4.7.3 Other activities

- Christian fellowship, leadership training and lunch-time devotion groups were activated to facilitate students’ spiritual growth.
- Retreats and prayer meetings were organized to promote spiritual sharing among the colleagues.

4.8 Home-school communication

4.8.1 The major areas of concern

- Promoting voluntary service
- Promoting home-school communication

4.8.2 Support measures for addressing those concerns

- To align with the major school aim ‘being trustworthy and willing to serve’, the PTA, in partnership with the Y.W.C.A. set up the Ching Tsung Elderly Academy to promote the Elderly Academy Pilot Scheme initiated by the Elderly Commission. Such scheme was not merely meant to provide students with inter-generation voluntary work targets, but also to raise their concern and acceptance towards the elders and thus the quality of their own family lives. Apart from this, during the after-examination period, an evening concert entitled “Sound of Music Shone Through Ebenezer School & Home for the Visually Impaired” was organized with the aim of encouraging students and parents to extend their care and support to the weaker social groups.
- To maintain effective contact between parents and the school, the PTA continued with programmes that contributed to the forging of a better home-school cooperation culture. Such programmes included ‘Meeting Parents of First-formers’ and ‘New Student Orientation Day’ which were organized with a view to letting parents develop a better understanding of what the school expected of them and their kids. The PTA also joined hands with the school in organizing a school policy forum in which parents were active in voicing their opinions on school matters. To align with the development needs of the 3-3-4 system, the Home-School Cooperation Committee arranged a seminar on the NSS in which parents were invited to engage themselves in an opinion interflow with the Academic Affairs Committee over matters related to the subject combination under the new system. To maximize parental involvement in their kids’ academic performance, the committee made arrangements requiring parents to pick up their kids’ school reports on the Parents’ Day after the first-semester examination. In addition, all school committee heads and form teachers were invited on the Parents’ Day to hold various seminars on themes like ‘How to help S1 kids cope with exams’, ‘Guidance on subject selection for S.4 students’, ‘Getting through the HKCEE together’, and ‘A path to tertiary education’ for parents with kids studying at different levels so as to enable them to offer study advice appropriate for their kids. Moreover, home-school communication can be further strengthened through the publication of Tips for Parents of First-formers, Bulletin for Parents, Newsletters for Parents and the Parent Basic Law. Lastly, to secure better home-school contact, not only did the ‘Gas Station for Shatin Tsung-Tsiners’ provide a hotline and a ‘Friends of email’ link, other channels like lunchtime ‘Gatherings Under the Sun’ and Parents Prayer Meeting’ were also established to extend the home-school network and thus enhance the effectiveness of home-school cooperation.

4.8.3 Other activities

- Simultaneously, parent-kid activities and interest classes were held to forge better parent-kid relationship and they included the following: ‘Snowy Moon Cake Class’, Flower Presentation Class, a New Year picnic, ‘Pineapple and Lemon Mousse Cake Class’ and ‘Rice Dumpling Class’. ### 1.2 學校近況

過去一年，校內同工為培育「沙崇人」的特質與才華而不斷努力，年終時更透過各類的評估以了解工作的成果，收穫是豐碁的。沙崇人才的培育策略及成效，詳見教學與學習章節；而沙崇人特質方面，則詳見學生輔導與訓育、宗教及課外活動的章節中。

我們除關注學生的才能及品格外，也著重教師教學效能的提升，經老師多年的努力——引入新課程(思考方法科、生活藝術科、科技科等)、提升教學技巧(課程學習研究、協作教學、教學啟導計劃等)及推動拔尖(中、英、數及科學科資優課程)補底(固本培元班、功課輔導班及小班教學等)課程，令學生的中學會考優良率不斷提升，現更突破百分之五十五，考獲六科十四分或以上者近八成，師生深受鼓舞。本校的「思維中學優質教育基金計劃」更獲優質教育基金評審團評定為過去十年最傑出的二十個項目之一。

另一方面，我們仍繼續關注沙崇人自愛、愛人的實踐，除一系列由各委員會策劃的活動外，各老師更善用每天的早會及沙崇家書，與沙崇人分享個人成長歷程及如何實踐自愛愛人。同時，我們積極鼓勵同學服務社群，以體驗愛的真義。本學年，我們為中一及中二級學生開設生命教育課，並籌備編寫中三級生命教育課程，我們又於學期初為中一級的同學安排了三日兩夜的生命教育營，教導學生尊重生命。效果良好。我們深信，唯有愛的實踐，才能提升人的質素。我們盼望沙崇人能以仁愛為念，以基督的信、望、愛為座右銘。

遷校工作方面，自零七年四月成功申請大圍馬鐵維修中心上蓋之新校舍後，我們積極與教育局、港鐵及發展商長江實業配合，就新校舍之設計及設施作詳細的交流，以切合沙崇未來的發展。

在新高中課程規劃上，學務委員會經過兩年的規劃，已成功擬定新高中課程組合，除諮詢各老師外，更特別召開家長會，與相關級別家長作詳細解釋及討論，並會於零八至零九學年起為初中學生推行全面的生涯規劃，協助學生為升讀新高中作準備。
4. 學校各部門關注事項及主要措施

4.1 管理與策劃

4.1.1 關注事項

- 為老師創造空間以回應教育改革
- 為遷校工作作準備
- 為配合關注事項而推行的活動 / 計劃
  - 近年老師工作日益沉重，思考及發展空間不足。為改善這情況，本校特別為老師工作負荷減輕，師生負荷減輕，並提供更多的專業發展空間。
- 在過去一年，本校聘請專職老師進行輔導工作，並額外聘請八名老師以分擔同工的教學工作。本校同工有空間準備新高中課程及進行協作教學。

4.1.3 其他措施

- 本校之法團校董會，成員共十二名(其中三人分別為家長、校友及老師代表)，他們均為專業人士，分享來自教育、社會服務、法律、商業、保險、及宗教等不同界別，為校董會提供適切而專業的意見。
- 校政諮議會由正、副校長、七名主任及三名民選代表組成，按時討論校政。
- 各委員會(如學務、宗教、輔導等共十二個)落實執行各項政策，各會在年終進行檢討，評估成效並提交來年的計劃書。
- 各學科科務由科主任監察，並透過科務會議制訂教學策略，因應需要修訂課程及教學進度。同時，在年終進行檢討，評估成效並提交來年的計劃書。
- 每年舉行四次全體教職員會議，商討校務。
- 為加強溝通，校長會按時接見所有老師，而副校長則接見新任的委員會主席及科主任；又每年的五月，每位老師均可填寫意見表達意見。

4.2 校長及教師專業發展

4.2.1 關注事項

- 優化教學
- 協助同工發展生命教育

4.2.2 為配合關注事項而推行的活動 / 計劃

- 本年舉辦的教師活動日，均能配合學校的發展目標。在教與學方面，校方在教師活動日邀請了英文及數學科同工，分享多年來的小班教學心得。我們再次邀請資深教育工作者葉祖賢先生分享「教師成長的道與路」，鼓勵同工在教育的路程上要有遠見和抱負。此外，本校的理科同工，往訪十八鄉鄉事委員會公益社中學，了解該校不同的設施及如何提升學生學習理科的興趣。

4.2.3 其他活動

- 葉秀華校長貫徹其積極參與精神，熱心投入教育事務，除了參與多個研討會、講座、培訓課程及境外交流外，葉校長不忘參與其他社會公益事務，充分發揮「沙崇人」樂於服務的特質。校長於過去一年參與持續專業發展的時數為一百四十七小時。
- 本校的同工樂於與其他學校的教師交流意見，例如本校中文科同工透過「專業發展學校計劃」，協助友校同工適應教學的改革，彼此有所裨益。在過去的一年，本校曾接待境外多個教育團體到訪，如來自澳門的中小學老師，分享不同的教學理念，擴闊了同工的教學視野。
- 同工相當積極參與各種不同的專業進修活動，預備新高中學制，平均每位教師進修時數為五十六小時。
- 繼續進行「教學啟導計劃」，為每位新同工安排教學啟導老師，讓新同工適應本校的教學生活。在過去一年，有關同工多次應教育局邀請向中小學老師分享本校「教學啓導計劃」的發展情況。
4.3 教學與學習

4.3.1 關注事項
- 提高學生溝通能力
- 提高學生解難能力
- 推動學生自主學習
- 推動協作教學

4.3.2 為配合關注事項而推行的活動 / 計劃
- 為提高學生溝通能力，本校設「午間閱讀計劃」（於午膳後設二十分鐘的師生閱讀時間）及「初中閱讀獎勵計劃」，以培養學生的閱讀習慣，成效顯著。本校更設「中英文科廣泛閱讀計劃」及舉辦「作家講座」，以深化及提升學生的閱讀興趣及能力。中文科舉辦創意作文班及組織學生寫作小組，提升學生的寫作能力。英文科舉辦英語週，透過講座、電影欣賞、攤位遊戲、點唱及大型英語活動，提升學生的聽講能力。同時，本校安排中一英語銜接課程及各級英語益增課程，以提升學生的英語能力及塑造良好的英語環境。此外，本校的英文科及生活藝術科分別於中一課程引入戲劇教育，以培育學生之溝通能力；而通識教育及思考方法科、生活藝術科及科技則透過專題研習訓練學生之演講能力。課外活動方面，同工均積極推動學生參與香港學校朗讀節，提升學生的語文能力，效果顯著。（詳見校際比賽活動）

- 為訓練學生解難能力，各科在課程內容、教學方法、課業及考核方面均強調思考能力的培養。本校設「初中科學教育及思考方法科」，教授學生解難思維及批判思維。同時，本校初中學生每年均會完成兩個「研究性專題研習」，以實踐解難技能。此外，各科正與思考方法科配合，將學生掌握的思考技能，融入各科的學習中。

- 為推動學生自主學習，本學年繼續推行「反思學習」及「學生備課學習」。「反思學習」在生活藝術、中文及通識教育及思考方法科推行，每名初中學生均需於課後自行整理及總結課堂的學習，查找不同的地方及學習重點。而「學生備課學習」則是老師於教授課題前，為學生安排備課習作，讓學生預先備課，尋索資料，從而提高學習效果。而於老師及學生的問卷調查中，後者大獲好評；前者則尚算滿意。

- 為提升教學成效，本校推行協作教學，以中文科為流程為藍本——訂課程框架、分工備課、集體討論、修訂施教、彼此觀摩、反思檢討。同時，由行政組配合，為中、英、數三科於時間表內安排備課節。施行至今已有五年，各科均能達至初擬的目標，效果良好，並會於來年繼續深化協作教學。

4.3.3 課程
- 初中課程包括語文（中、英及普通話）、數理、人文科學、生活藝術、生命教育、體育及基督教教育科，而高中課程均文中有理、理中有文，並設有選修科目。
- 於初中設小班教學，並於學期中設因本培元課程及綜合功課輔導班，以照顧不同學習差異的同學。
- 為監察和評估學生學習，各科除在科務會議作定期檢討外，校方亦採用問卷、面談等方法，了解學生的學習情況。
- 為讓學生有均衡的校園生活，本校規定初中學生每日課業時間不多於二小時。
- 為擴闊學生藝術視野，初中學生每年須最少出席一次音樂會或參觀一次藝術展覽，並參與一次校外比賽或表演。同時，每年初中生均須接受一種樂器訓練及參與一項體藝活動。
- 全校學生均須參加教育局體適能計劃及長跑測試訓練。
